

## Real Conversations about Advance Care Planning

Voices from a Caregiver, Primary Care  
Physician and Frontline Healthcare Team

EARN 1.5 FREE CME OR CE CREDITS

Despite strong evidence that advance care planning improves patient satisfaction, reduces unwanted medical interventions and mitigates family distress, advance directive completion rates remain suboptimal across Florida.

Join us for a live moderated webinar as we strive to close the gap through Florida-specific guidance, real-world case analysis and practical implementation strategies across outpatient, inpatient and hospice settings. Our multidisciplinary panel will showcase insights from primary care, hospital medicine and hospice providers, as well as caregivers, FHA leadership and ACP implementation experts.

### Who should attend?

Florida physicians, nurse practitioners, physician assistants, nurses, case managers, social workers, hospital administrators, hospice clinicians.

### PRESENTED BY:

VITAS<sup>®</sup> Healthcare (VITAS) and  
Florida Hospital Association (FHA)

Thursday, April 16, 2026
